

Fundamentals of Photography &

Photography changed my life—not because of the camera, but because it taught me how to see, feel, and tell stories. Over the years, I realized that talent alone is never enough. What truly shapes a creative career is the right guidance, strong fundamentals, real-world exposure, and continuous mentorship. This academy was created to bridge the gap between passion and profession, where students learn not just techniques, but develop vision, discipline, and confidence to grow in the industry. “Frame se future tak, we are with you.” This is not just a line, it is a commitment. From your very first frame to building a sustainable creative future, we stand by you at every step—guiding, mentoring, and supporting your journey. Our goal is to create not just photographers and filmmakers, but responsible visual storytellers who are ready to face the real world with clarity and purpose.

Dhruvin Jain
Founder & director

Welcome to DJFA

Dhruvin Jain Film & Academy is a professional photography and filmmaking academy built with a clear mission — to transform passionate learners into confident working professionals.

We believe real learning happens beyond classrooms. Our teaching approach focuses on hands-on training, industry exposure, live projects, and mentorship, ensuring that every student graduates with skills, confidence, and a strong portfolio.

Whether you aim to become a photographer, cinematographer, editor, or content creator, this masters program is designed to prepare you for the real creative industry.

Discover your vision

At DJFA, we help you uncover the artist within guiding you to see the world with purpose, clarity, and creativity. Every class, every shoot, and every session brings you closer to understanding your unique visual identity.

Journey of discovery

Learning with us is not just a course. it's a transformational journey. From your first click to your final portfolio, we walk with you through hands-on shoots, studio practices, real projects, and continuous mentorship.

Frame your story

Photography, cinematography, and editing are more than skills. they are ways to express who you are. We teach you how to craft meaningful stories, shape powerful visuals, and translate imagination into impactful art.

Achieve your dreams

With industry-level training, expert guidance, and a supportive creative community, DJFA empowers you to turn passion into profession. Whether your goal is to build a career or elevate your craft, your dream begins here.

Dhara Shah

Couple Portrait Photography Specialist

Dhara Shah is a dedicated photography mentor at DJFA, with 2 years of professional experience and a strong foundation in photographic fundamentals, also a two-time winner at the #GujaratInFocus6 Photography Exhibition organized by Dumas Art Project, a recognition that highlights her creative eye, technical precision, and artistic storytelling ability. Her award-winning work reflects her commitment to quality visuals and continuous growth in the field of photography.

- **2 Years** of Experience in Photography, Cinematography & Editing
- Two-time winner of the #GujaratInFocus6 Photography Exhibition (2026), organized by Dumas Art Project.
- Specialization in Couple & Portrait Photography

Premises - professional Studio

A fully equipped photography & cinematography studio with industry-grade lights, modifiers, backdrops, and shooting setups for portrait, fashion, product, and commercial work. Hands-on exposure to professional cameras, lenses, stabilizers, tripods, and filmmaking accessories, so students learn by shooting, not just observing.

Classroom

A comfortable, focused learning space for theory sessions, visual breakdowns, live demonstrations, and mentor-led discussions.

Editing Room

A dedicated post-production space with high-performance systems for photo editing, video editing, color grading, and sound work using industry-standard software.

Office, Lobby & Creative Zone

Fundamental of Photography

Duration : 7 Days

1. Introduction To Photography

At DJFA, photography is more than just using a camera. We help you see the world clearly and creatively. Through simple **learning and practical shoots**, you discover your own style. Every class takes you one step closer to becoming a confident photographer.

3. In-depth Camera Handling

Learn to use your camera with confidence and control. Understand **buttons, modes, settings, and lenses** clearly. Practice real shooting to handle the camera like a professional.

2. Types of Photography

You learn different styles of photography to find your passion. This includes **portrait, wedding, fashion, product, food, event, wildlife, and architecture photography**. Each type is taught with simple **theory and practical shooting**.

4. *Exposure Triangle: ISO, Shutter Speed, Aperture*

Learn how **ISO**, **shutter speed**, and **aperture** work together to control light. Understand **brightness**, **motion**, and **depth** in every photo. Master exposure to capture clear and balanced images in any situation.

5. *White Balance, Metering, Focus Modes*

Learn to control **white balance**, **metering**, and **focus modes** to achieve **accurate colors**, **correct exposure**, and **sharp focus**. Understand how light and subject movement affect camera settings. Use different modes confidently to adapt to various shooting conditions and capture professional, well-balanced images consistently.

6. *Natural Light Techniques & Ambient Lighting*

Learn to use **sunlight** and **available light** creatively. Understand **direction**, **intensity**, and **timing** of light. Capture natural, well-balanced images without artificial lights

7. Use of Diffusers, Reflectors, and Modifiers

Learn how to **control and shape light** easily. Use diffusers to **soften light and reduce harsh shadows**. Use reflectors and modifiers to **balance and enhance** your subject.

8. Practical Outdoor Shoots: Golden Hour, Ambient Light Balance

Practice real outdoor shoots in natural conditions. Learn to use **golden hour light** beautifully. **Balance ambient light** for natural and professional-looking photos.

S ***tudent Works & Testimonials***

Harshil Paris

DJFA Graduate

Harshil Paris began his journey as a student at DJFA, where he developed a strong foundation in photography through structured learning and hands-on practice. Over time, he discovered his passion for product photography and refined his skills in lighting, composition, and visual storytelling. Today, Harshil is working as a professional product photographer, creating clean, impactful visuals for brands while maintaining a sharp, detail-driven approach shaped by his learning at DJFA.

Henny Shah

DJFA Graduate

Henny Shah joined DJFA to pursue the one-year Master's program in Photography and Filmmaking with a passion to build a meaningful creative career. During her time at the academy, she moved beyond basic techniques and developed a refined way of seeing photography—understanding light, composition, mood, and storytelling in a deeper, more intentional way. The hands-on training, real-time shoots, and continuous mentorship allowed her to experiment, learn, and grow with confidence. Through this structured learning environment, Henny shaped a strong creative perspective and a professional workflow. Today, she is earning through her photography, creating impactful visuals, and working with clarity, confidence, and a distinctive artistic vision shaped by her journey at DJFA.

Sujal Lad

DJFA Graduate

Sujal Lad joined DJFA to pursue his Masters in Photography and Filmmaking, where he refined his creative vision and technical skills. Through structured learning and practical exposure, he developed a strong understanding of visual storytelling and composition. Mentorship at DJFA helped Sujal look beyond just capturing images, focusing instead on meaning, mood, and detail. His internship experience with live client projects strengthened his professional approach and confidence. Today, Sujal is actively earning through photography, known for his growing creative insight and disciplined visual sense.

Portfolio Highlights: Sujal Lad

Kenit patel

DJFA Graduate

Kenit Patel joined DJFA to pursue his Masters in Photography and Filmmaking, where he discovered a strong inclination towards product photography. Through focused training and hands-on practical sessions, he developed a sharp eye for detail, lighting, and brand-oriented visuals. Mentorship at DJFA helped him understand how to translate products into compelling visual stories. Working on live client projects during his internship strengthened his professional workflow and market understanding. Today, Kenit is working as a product photographer, creating clean, impactful visuals for brands and businesses.

Portfolio Highlights: Kenit Patel

Ayush Tak

DJFA Graduate

Ayush Tak joined DJFA to pursue his Masters in Photography and Filmmaking, where his journey transformed both creatively and professionally. Through in-depth training and hands-on practical sessions, he developed a unique visual perspective and a strong sense of storytelling. Under the mentorship of Dhruvin Sir, Ayush gained clarity in concepts and confidence through real-time demonstrations. During his internship, working with live clients helped him understand client vision and deliver impactful results. Today, Ayush is successfully earning through photography, known for his sharp eye and thoughtful visual approach.

Bonil Gandhi

DJFA Graduate

Bonil Gandhi has been one of the most sincere and dedicated learners at DJFA. From the beginning of his photography journey with us, he showed strong curiosity, creative interest, and a willingness to practice beyond classroom hours.

During his training, Bonil actively participated in practical shoots including jewellery, product, catalog, and concept photography. He quickly developed a good understanding of lighting setups, composition, and shoot execution. What stood out most was his consistency and openness to feedback, he kept improving with every project.

He successfully built an industry-ready portfolio during the course and handled studio workflows with growing confidence. We've seen a clear transformation in his technical skills as well as his creative thinking.

| Portfolio Highlights: Bonil Gandhi

Vishal Nebhnani

DJFA Graduate

What truly set Vishal apart was his dedication to storytelling, composition, and emotional depth. Through structured mentorship, hands-on projects, and real-world exposure at DJFA, he developed a distinctive visual style that allowed his work to stand out in a highly competitive market.

Coming from a region where clients were once hesitant to pay even fifty thousand for wedding photography, Vishal transformed not only his own career but also the perception of professional photography in his area. Today, he confidently charges fees running into lakhs, with his work speaking louder than any pricing conversation.

His exceptional work has been republished by Maghord and Sigma, gaining national and international recognition. Today, Vishal Nebhnani is regarded as a well-known wedding and pre-wedding photographer in Rajasthan, trusted for his consistency, creativity, and cinematic storytelling.

Vishal's journey stands as a powerful example of how the right education, guidance, and persistence can turn passion into a premium profession.

Dheeraj Rajoriya

DJFA Graduate

Dheeraj joined DJFA with a strong interest in photography and a clear intent to grow professionally. During his training with us, he was very committed to learning the technical and creative aspects of shooting — especially lighting control, product detailing, and jewellery photography.

He actively participated in practical sessions and real-shoot formats, and consistently worked on improving his execution and visual quality. With each project, his confidence and understanding of professional workflows became stronger.

After completing his training, Dheeraj went on to build his own photography setup, applying what he learned at DJFA into his own working environment. It's rewarding for us to see students translate their learning into real infrastructure and independent practice.

Tilak Vadher

DJFA Graduate

Tilak Vadher joined DJFA at just 16 years of age, driven by a strong passion for photography and a clear eagerness to learn. From the very beginning, he stood out for his curiosity, discipline, and willingness to practice beyond regular sessions.

He actively participated in hands-on shoots including jewellery, product, and concept photography, and showed quick improvement in lighting control, framing, and shoot execution. Tilak was always open to guidance and applied feedback seriously, which helped him grow faster than expected for his age.

What makes his journey especially inspiring is that after his training, he stepped into freelance photography at a very young age and began handling independent projects with confidence and responsibility.

Chaitali Parmar

DJFA Graduate

Chaitali Parmar began her journey as a student at DJFA, where she completed her Master's program in Photography and Filmmaking. During her time at the academy, she developed a deep understanding of lighting, posing, safety, and storytelling—essential skills for maternity and kids photography. With consistent practice and real-world experience, she built her own professional studio and established herself as a well-known specialist in kid and maternity photography. Today, Chaitali not only creates beautiful and emotionally meaningful visuals but also mentors aspiring photographers, sharing practical knowledge, industry insights, and proven workflows to help them grow with confidence and professionalism.

Alumni who turned Mentors

Satish Kalal

Satish Kalal is a wedding cinematographer, editor, and mentor who guides beginners in storytelling, camera movement, and professional editing. His practical approach helps students build strong skills and confidence in wedding filmmaking.

Chaitali Parmar

From student to studio owner, Chaitali Parmar now mentors others in maternity and kids photography, sharing practical skills to build creative and professional shoots.

Vishal Nebhnani

Once a student, now a mentor, Vishal Nebhnani teaches beginners across Rajasthan wedding and pre-wedding photography and professional photo editing, helping them build strong skills through practical and simple learning.

Sunny

Sunny is a wedding and pre-wedding photographer who conducts hands-on workshops across multiple states, mentoring photographers with practical shooting techniques and real-world industry experience.

Dhara Shah

From student to freelancer and mentor, Dhara Shah guides aspiring photographers with practical knowledge, helping them build strong skills and confidence in their photography journey.

Karan Tailor

From student to mentor, Karan Tailor is a cinematographer and video editor who trains aspiring creators with practical skills in filming and professional video editing.
